

*Join us for a unique and fun-filled fund raising event
to support the fight against breast cancer . . .*

Bachelors & BRAS

**One in eleven
women will face
the fear of
breast cancer
in their lifetime.**

The key to successful treatment of breast cancer is early detection and intervention.

The Kimberley Chance Atkins (KCA) Foundation is dedicated to promoting early detection and education about prevention, treatment options, and recovery.

Your participation this event and/or sponsorship in the Kimberley Chance Atkins Foundation makes it possible for us to pursue our goal of raising funds to purchase a mobile mammography unit for our community. Help us promote life saving options for our mothers, daughters, sisters, and friends.

Please support the Kimberly Chance Atkins Foundation with your gifts and/or participation.

Kimberley Chance Atkins

Wife, mother, teacher, daughter, niece, friend she died after a long and courageous battle with breast cancer. She was only 32.
